6. Password: ………………………………………………………….

7. Name and surname of contact person: …………………………………………

8. Phone number of contact person: …………………………………………

Head of Department:

……………………………………….
Signature and stamp

Additional information:
Accounts allowing access to the AGH-Events network are created for the purposes of conferences, meetings, or other events, during which there is a need to provide Internet access to people other than the AGH University employees or students. The account will be active only within the specified period of time, which cannot be longer than 15 minutes.

Account name (5) must be between 3 and 30 characters long and may contain only lower- and uppercase letters, digits or the following characters: "." or "-" or "_". The password (6) must be at least 8 characters long.

The provided network can be accessed via Wi-Fi or cable (in selected locations). Logging in takes place after having connected to the network and opening any website in the browser (via a Captive Portal).

Filled out and signed form (scanned copy or picture) must be sent to ithelp@agh.edu.pl.

You are welcome to use the AGH IT Helpdesk services:
